This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

His Excellency, LOCKE CRAIG,
Governor of North Carolina,
Raleigh, N. C.

SIR:—We have the honor to submit herewith report of the State Tax Commission for the year ending October 31, 1914.

Respectfully submitted,

EDWARD L. TRAVIS,
Chairman;
WILLIAM T. LEE,
GEORGE P. PELL,
Commissioners.

COMPLAINTS AND DECISIONS

IN RE FRANCHISE ASSESSMENT OF CAPITAL STOCK OF THE TEXAS COMPANY.

TRAVIS, *Chairman.* This was an application of the Texas Company, a foreign corporation doing business in North Carolina, for a reduction in assessment of its franchise tax under Section 82 of the Revenue Act.

The said Company contends that the levying of said tax, heretofore made by this Commission upon $600,000 of its capital stock, was laid against a greater proportion of the total capital stock of the Company than should be taxed by the State of North Carolina under the law as provided in said section, and that the same should be reduced.

The applicant having been heard through its attorney, Guy Stevens, Esq., it is

Ordered, That the application be, and the same is hereby denied.

March 5, 1914.

JOHN L. ROPER LUMBER COMPANY v. J. E. REID, SHERIFF OF WASHINGTON COUNTY.

LEE, *Commissioner.* In the above case the facts appearing are that the John L. Roper Lumber Company is the owner of a tract of land in Plymouth Township, Washington County, known as Rhoulac Swamp, which was assessed by the proper assessing officers at the regular quadrennial period for assessment of real estate in 1911 at the valuation of $39,000.

In May, 1913, the said Roper Lumber Company represented to the list-taker that the timber had been cut and removed from said tract since it was assessed in 1911, and it was, therefore, assessed by the list-taker and valued at $15,000. The valuation was changed by the Board of County Commissioners as a Board of Equalization in July, 1913, to $20,000, and in September, 1913, the original valuation of $39,000 as fixed at the regular assessment period in 1911 was restored.

The question is presented to the State Tax Commission for decision as to whether the tax-lister was acting within his authority in re-assessing this tract of land in 1913, or whether the action of the Board of County Commissioners in restoring the valuation fixed in 1911 was proper. Section 14 of the Machinery Act provides the method of assessing real estate, and provides that the assessment of real property when made shall be enforced for four years, or until altered as provided by this Act by reason of structures improved, erected or destroyed. The only provision of the law for changing such valuation of real estate is set out in Section 24, as follows:

> "Except in the year when there shall be an assessment of property, the list-taker shall list the lands in his township at the valuation previously assessed on the same and all personal property in said

township. Such list-taker shall correct any parcel of real property on which any structure of over one hundred dollars value may have been erected or on which any structure of the like value shall have been destroyed, agreeably to the returns made in accordance with the provisions of this Act."

The Commission is of the opinion that no provision is made by the statute for re-valuing real estate on account of removal of timber, except at the regular quadrennial period of assessment, when consideration can be given by the assessors to increased growth of timber, increased value, etc., as well as to removal of timber. The statute fixes time for valuation of all real estate for taxes and authorizes changes made in such valuation only in case of structures erected or destroyed.

The Commission, therefore, holds that the action of the Board of County Commissioners of Washington County in restoring the valuation of $39,000 on this tract of land was in accordance with law, and, it is therefore

Ordered, That the petition be dismissed.

April 1, 1914.

JOHN L. ROPER LUMBER COMPANY v. J. E. REID, SHERIFF.

LEE, *Commissioner*. This matter coming on upon exceptions of the petitioner to the order of the Commission heretofore entered herein on April 1, 1914, it is directed that the said order of April 1, 1914, be modified in so far as it holds that there is no provision made by Statute for re-valuing real estate on account of removal of timber except at the regular quadrennial period of assessment.

It was the intention of the Commission in said order to hold that there was no authority conferred by Statute, or by law, upon the list-taker in years other than assessment years to change the assessed value of real estate, except for structures erected or destroyed. The law does provide for the proper correction of all unequal and unjust assessments, but it does not authorize list-takers to make such changes. In this proceeding the petitioner is relying upon the fact that the list-taker undertook to change the fixed assessment of the property in question, and this Commission holds that the action of the list-taker in attempting to so do, was without authority in law and his action was therefore void.

It does not appear that the petitioner has ever made legal or regular application to any proper authority to change this valuation. The Commission is of the opinion, however, that even if such application had been made, the burden would be upon the petitioner to show in case of buildings destroyed or other changes affecting the value of the property, that it was such as to reduce the actual value of the property below the assessed value complained of, and that unless this was shown there would be no ground for reduction, even though buildings had been destroyed or timber removed. In this case it appears from the affidavits of Mr. F. R. Johnson, filed before this Commission, which constitutes the only evidence produced before us, that the timber has been only partially removed from the property in question,

and that notwithstanding the removal of the timber which had been made, the property is still worth the sum of $39,000, at which it is assessed. This Commission is therefore of opinion that even if any officer authorized to do so, had reduced the assessed value of this property, upon this showing, it would have been the duty of the State Tax Commission in the exercise of its supervisory power over all assessing officers, to have directed and ordered that the valuation be restored to $39,000.

Except as herein modified the former order of the Commission is reaffirmed and the exceptions of the petitioner are overruled.

April 18, 1914.

IN THE MATTER OF THE EQUALIZATION OF THE ASSESSMENT OF REAL PROPERTY IN MECKLENBURG COUNTY.

WHEREAS, Complaint has been made to the State Tax Commission of North Carolina, that real estate in Mecklenburg County is assessed for taxation grossly irregular and unequal and at much below its proper valuation; that there is great and unjust inequality in the assessment of the property of certain individual tax-payers as compared to the assessment of the property of others; that in many instances property in the City or Charlotte was reduced in the assessment of 1911 below the assessment of 1910, when the same had in fact increased in value, and it appearing from the records that the lands in Mecklenburg County, outside of towns, was assessed in 1910 at $2,901,643, and was increased in the assessment of 1911 to $4,769,869, and that all real property within the towns of said county was assessed in 1910 at $10,264,404, and was decreased in the assessment of 1911 to $10,190,903, to the surprise of those who have "Watched Charlotte Grow," as that City comprises the bulk of the town property in the county. It is therefore

Ordered, That the County Board of Equalization of Mecklenburg County, being composed of the members of the Board of Commissioners of said county, do re-convene in the City of Charlotte, on the 11th day of May, 1914, to hear any and all complaints in respect to the unequal or improper assessment of real property in Mecklenburg County, and that they make full and complete investigation of the matter, and that they re-assess, at a proper and fair valuation, all real property which they may find in said county to be assessed improperly or too low, and that they equalize the assessments of all real property in said county between individual tax-payers and between the townships.

All assessments under this order should be made as of May 1, 1911, but there should be added to such assessment the fair value of all buildings and improvements erected on any property since that time.

The said Board will adjourn from day to day, or from time to time, until their work is completed, which will be as early as practicable, and report their action to this Commission.

It is further ordered, That all persons interested in said proceeding and in the equalization and assessment of said property, be heard by said Board, through counsel or otherwise.

April 21, 1914. EDWARD L. TRAVIS, *Chairman.*
